### Our Vision, Values and Goals

We at JHOSHC are a tight-knit community that are always looking for ways to push each other forward. The children, and the families associated with them, are a part of this community and are the reason that we strive for excellence within the service. The service aims to provide high quality care for all children that allows children to have fun, develop friendships, and build on life skills in a fun, safe and inclusive environment.

### What we do

Children are at the centre of all we do at Jamboree Heights OSHC. Educators listen to the children's ideas and interests and plan activities that will engage and enhance the children's learning. Our focus is fun first, and along the way we learn about our world, our community, our friends, and ourselves. Children are free to participate in different activities throughout the day. This includes, homework club, creative craft activities, outdoor play, science exploration, cooking clubs, gardening, and free play.

Vacation Care programs are made available to parents and the community one month prior to the beginning of school holidays. This is an exciting time that involves the children in inspiring incursions and excursions – including but not limited to; dance and music workshops, animal and environment-based encounters, museums, and cinemas.
